

Plastic surgery childcare planning

Version/date: _____ Next confirmation: _____

Private planning aid. Clinical requirements, restrictions and clearance come from the treating team. This roster establishes no required helper duration or clinical readiness.

Child routine and time block	Actual restriction or question	Agreed role	Time and permission confirmed?	Backup or unresolved question

Unresolved conflicts and backup arrangements

Changes, confirmations and next review

Mark each item as agreed, still a question, or changed. A name in a box does not establish ability, authority or capacity. Share only the information needed for the task; keep personal details private.

Source context: MedlinePlus after-surgery education; ChildCare.gov family responsibilities, care-selection and licensing guidance.
Original worksheet; agency materials are not copied.
